

NOTES

KUHNIA L. TRANSFERRED TO BRICKELLIA ELL. (COMPOSITAE).—Fortunately all the names for *Kuhnia* are available for transfer to *Brickellia*. The transfers are listed here in the same order followed in my "Revision of the genus *Kuhnia* L." (*Wrightia* 1: 122-144, 1946).

BRICKELLIA **Schaffneri** (A Gray) Shinnery, comb. nov. *Kuhnia Schaffneri* A. Gray, Proc. Amer. Acad. 17: 207. 1882. *K. microphylla* Shinnery, *Wrightia* 1: 127. 1946. At the date of my revision, the current rules of nomenclature called for the rejection of names based on a mixture. Subsequently they were emended to permit retention of such names if redefined on the basis of one element in the mixture. Under the present Code, therefore, Gray's name is the valid one for this species.

B. **leptophylla** (Scheele) Shinnery, comb. nov. *Kuhnia leptophylla* Scheele, *Linnaea* 21: 598. 1848.

B. LEPTOPHYLLA var. **mexicana** (Shinnery) Shinnery, comb. nov. *Kuhnia leptophylla* var. *mexicana* Shinnery, l.c. 128. 1946.

B. **chlorolepis** (Wooton & Standley) Shinnery, comb. nov. *Kuhnia chlorolepis* Wooton & Standley, *Contrib. U.S. Nat. Herb.* 16: 177. 1913.

B. **oreithales** (B. L. Robinson) Shinnery, comb. nov. *Kuhnia oreithales* B. L. Robinson, Proc. Amer. Acad. 54: 263. 1918.

B. **Mosieri** (Small) Shinnery, comb. nov. *Kuhnia Mosieri* Small, *Man. S.E. Fl.* 1329 and 1508. 1933.

B. **eupatorioides** (L.) Shinnery, comb. nov. *Kuhnia eupatorioides* L., *Sp. Pl.* (ed. 2) 2: 1662. 1763. At the time of my revision, the rules of nomenclature required adoption of the first published varietal name referable to what is now to be called var. *eupatorioides*. The latter epithet therefore replaces var. *pyramidalis* Raf.

B. EUPATORIOIDES var. **ozarkana** (Shinnery) Shinnery, comb. nov. *Kuhnia eupatorioides* var. *ozarkana* Shinnery, l.c. 136. 1946.

B. EUPATORIOIDES var. **texana** (Shinnery) Shinnery, comb. nov. *Kuhnia eupatorioides* var. *texana* Shinnery, l.c. 136. 1946.

B. EUPATORIOIDES var. **corymbulosa** (T. & G.) Shinnery, comb. nov. *Kuhnia eupatorioides* var. *corymbulosa* T. & G., *Fl. N.A.* 2: 78. 1841. (Emend. A. Gray, *Syn. Fl. N.A.* 1 pt. 2: 103. 1884.)

B. **adenolepis** (B. L. Robinson) Shinnery, comb. nov. *Kuhnia adenolepis* B. L. Robinson, Proc. Amer. Acad. 47: 201. 1911.—*Lloyd H. Shinnery*.

BIGELOWIA NUDATA VAR. AUSTRALIS (L. C. ANDERSON) SHINNERY, COMB. NOV. (COMPOSITAE).—Based on *Bigelowia nudata* (Michx.) DC. subsp. *australis* L. C. Anderson, *Sida* 3 (7): 463. 1970. This is to permit uniformity in my projected account of the Compositae of the Southeastern United States.—*Lloyd H. Shinnery*.
